## Explanatory note

The fees and charges set by the Council follow from the revenue and financing policy (part of the 2015/25 Long Term Plan). This policy expresses Council's view about how various services are to be funded, particularly the balance between the share to be funded by ratepayers (because there is advantage to everyone in having the service available and used) and the share to be funded by those making use of it (because the benefit from the service is primarily, or wholly, enjoyed by such people). In determining this balance, Council has regard for thinking in other councils, especially our neighbours.

In general, fees for 2016/17 have been raised by 1.9%, the inflation factor used in setting Council's budgets for 2016/17. This inflation factor is different from cost-of-living adjustments, because there are significant elements in Council's expenditure whose costs have risen more sharply – particularly materials to support maintenance of roads and infrastructure. The Schedule shows the proposed fees alongside the 2015/16 fees.

The actual fees from applying this factor have been rounded to the nearest dollar except for solid waste fees which are rounded to the nearest 10c.

Some fees are set by regulation and thus are not changed during this review.

The notable changes are:

- Setting similar fees for use of all Council parks,
- Reducing fees for hall hire and being more flexible over short-term hire (with the objective of attracting greater use) and allowing discounts to non-profit community groups,,
- Altering library photocopying, faxing and scanning fees to reflect actual cost more accurately (and making explicit that use of PCs in the libraries is free),
- Providing for the applicable charges under the Food Act 2014,
- Introducing a fixed fee for rural boundary setback land use,
- Simplifying the fee structure for dog registration, and
- Introducing a volumetric fee structure for wastewater (for domestic institutions)

Fees and charges for parks relate to exclusive use only. They have been set to encourage regular use by local sports clubs and organisations, and other non-profit community users.

Adjustment to rents in Council's community housing must be made in accordance with the requirements of section 24 of the Residential Tenancies Act 1986. Typically this means that a change to rents for existing tenants will not occur for two months after Council adopts the Schedule of Fees and Charges for the coming year.

Several Council-owned or administered facilities are managed by other organisations, which set their own fees (typically in consultation with the Council):

Marton Swim Centre .....	Nicholls Swim Academy
Taihape Swim Centre .....	Taihape Community Development Trust
Huntermville Town Hall .....	Huntermville Sports and Recreation Trust
Turakina Domain.....	Turakina Reserve Management Committee
Koitiata Hall.....	Koitiata Residents Association
Shelton Pavilion .....	Marton Saracens Cricket Club

## Notes:

- 1 The Building Act 2004, Schedule 1, allows for some works to be undertaken without a Building Consent. Each application will be considered on a case-by-case basis. See Council's website for details of how to apply.
- 2 Fixed fee consents will be charged at stated rate.
- 3 Variable fee consents will be calculated based on actual and reasonable costs. In the event of fees being inadequate to cover Council's costs, for example where additional inspections are

required or where specialist technical or professional consultation is required, additional charges may be made to recover actual and reasonable costs.

- 4 LIM charges reflect the actual costs incurred in providing the LIM rather than a flat fee. This will ensure a fairer user-pays pricing approach.

# Schedule 1

## Building work for which building consent not required

### Part 1

#### Exempted building work

#### General

#### **1 General repair, maintenance, and replacement**

- (1) The repair and maintenance of any component or assembly incorporated in or associated with a building, provided that comparable materials are used.
- (2) Replacement of any component or assembly incorporated in or associated with a building, provided that—
  - (a) a comparable component or assembly is used; and
  - (b) the replacement is in the same position.
- (3) However, subclauses (1) and (2) do not include the following building work:
  - (a) complete or substantial replacement of a specified system; or
  - (b) complete or substantial replacement of any component or assembly contributing to the building's structural behaviour or fire-safety properties; or
  - (c) repair or replacement (other than maintenance) of any component or assembly that has failed to satisfy the provisions of the building code for durability, for example, through a failure to comply with the external moisture requirements of the building code; or
  - (d) sanitary plumbing or drainlaying under the [Plumbers, Gasfitters, and Drainlayers Act 2006](#).

#### **2 Territorial and regional authority discretionary exemptions**

Any building work in respect of which the territorial authority or regional authority considers that a building consent is not necessary for the purposes of this Act because the authority considers that—

- (a) the completed building work is likely to comply with the building code; or
- (b) if the completed building work does not comply with the building code, it is unlikely to endanger people or any building, whether on the same land or on other property.

#### **3 Single-storey detached buildings not exceeding 10 square metres in floor area**

- (1) Building work in connection with any detached building that—
  - (a) is not more than one storey (being a floor level of up to one metre above the supporting ground and a height of up to 3.5 metres above the floor level); and
  - (b) does not exceed 10 square metres in floor area; and
  - (c) does not contain sanitary facilities or facilities for the storage of potable water; and
  - (d) does not include sleeping accommodation, unless the building is used in connection with a dwelling and does not contain any cooking facilities.
- (2) However, subclause (1) does not include building work in connection with a building that is closer than the measure of its own height to any residential building or to any legal boundary.

#### **4 Unoccupied detached buildings**

- (1) Building work in connection with any detached building that—

- (a) houses fixed plant or machinery and under normal circumstances is entered only on intermittent occasions for the routine inspection and maintenance of that plant or machinery; or
  - (b) is a building, or is in a vicinity, that people cannot enter or do not normally enter; or
  - (c) is used only by people engaged in building work—
    - (i) in relation to another building; and
    - (ii) for which a building consent is required.
- (2) However, subclause (1) does not include building work in connection with a building that is closer than the measure of its own height to any residential building or to any legal boundary.

#### **5 Tents, marquees, and similar lightweight structures**

Building work in connection with any tent or marquee, or any similar lightweight structure (for example, a stall, booth, or compartment used at fairs, exhibitions, or markets) that—

- (a) does not exceed 100 square metres in floor area; and
- (b) is to be, or has been, used for a period of not more than 1 month.

#### **6 Pergolas**

Building work in connection with a pergola.

#### **7 Repair or replacement of outbuilding**

The repair or replacement of all or part of an outbuilding if—

- (a) the repair or replacement is made within the same footprint area that the outbuilding or the original outbuilding (as the case may be) occupied; and
- (b) in the case of any replacement, the replacement is made with a comparable outbuilding or part of an outbuilding; and
- (c) the outbuilding is a detached building that is not more than 1 storey; and
- (d) the outbuilding is not intended to be open to, or used by, members of the public.

### Existing buildings: additions and alterations

#### **8 Windows and exterior doorways in existing dwellings and outbuildings**

Building work in connection with a window (including a roof window) or an exterior doorway in an existing dwelling that is not more than 2 storeys or in an existing outbuilding that is not more than 2 storeys, except,—

- (a) in the case of replacement, if the window or doorway being replaced has failed to satisfy the provisions of the building code for durability, for example, through a failure to comply with the external moisture requirements of the building code; or
- (b) if the building work modifies or affects any specified system.

#### **9 Alteration to existing entrance or internal doorway to facilitate access for persons with disabilities**

Building work in connection with an existing entrance or internal doorway of a detached or semi-detached dwelling to improve access for persons with disabilities.

#### **10 Interior alterations to existing non-residential building**

Building work in connection with the interior of any existing non-residential building (for example, a shop, office, library, factory, warehouse, church, or school) if the building work—

- (a) does not modify or affect the primary structure of the building; and
- (b) does not modify or affect any specified system; and
- (c) does not relate to a wall that is—
  - (i) a fire separation wall (also known as a firewall); or

- (ii) made of units of material (such as brick, burnt clay, concrete, or stone) laid to a bond in and joined together with mortar; and
- (d) does not include sanitary plumbing or drainlaying under the [Plumbers, Gasfitters, and Drainlayers Act 2006](#).

**11 Internal walls and doorways in existing building**

Building work in connection with an internal wall (including an internal doorway) in any existing building unless the wall is—

- (a) load-bearing; or
- (b) a bracing element; or
- (c) a fire separation wall (also known as a firewall); or
- (d) part of a specified system; or
- (e) made of units of material (such as brick, burnt clay, concrete, or stone) laid to a bond in and joined together with mortar.

**12 Internal linings and finishes in existing dwelling**

Building work in connection with any internal linings or finishes of any wall, ceiling, or floor of an existing dwelling.

**13 Thermal insulation**

Building work in connection with the installation of thermal insulation in an existing building other than in—

- (a) an external wall of the building; or
- (b) an internal wall of the building that is a fire separation wall (also known as a firewall).

**14 Penetrations**

- (1) Building work in connection with the making of a penetration not exceeding 300 millimetres in diameter to enable the passage of pipes, cables, ducts, wires, hoses, and the like through any existing dwelling or outbuilding and any associated building work, such as weatherproofing, fireproofing, or sealing, provided that—

- (a) in the case of a dwelling, the dwelling is detached or in a building that is not more than 3 storeys; and
- (b) in the case of an outbuilding, the outbuilding is detached and is not more than 3 storeys.

- (2) In the case of an existing building to which subclause (1) does not apply, building work in connection with the making of a penetration not exceeding 300 millimetres in diameter to enable the passage of pipes, cables, ducts, wires, hoses, and the like through the building and any associated building work, such as weatherproofing, fireproofing, or sealing, provided that the penetration—

- (a) does not modify or affect the primary structure of the building; and
- (b) does not modify or affect any specified system.

**15 Closing in existing veranda or patio**

Building work in connection with the closing in of an existing veranda, patio, or the like so as to provide an enclosed porch, conservatory, or the like with a floor area not exceeding 5 square metres.

**16 Awnings**

Building work in connection with an awning that—

- (a) is on or attached to an existing building; and
- (b) is on the ground or first-storey level of the building; and
- (c) does not exceed 20 square metres in size; and

- (d) does not overhang any area accessible by the public, including private areas with limited public access, for example, restaurants and bars.

**17 Porches and verandas**

Building work in connection with a porch or a veranda that—

- (a) is on or attached to an existing building; and
- (b) is on the ground or first-storey level of the building; and
- (c) does not exceed 20 square metres in floor area; and
- (d) does not overhang any area accessible by the public, including private areas with limited public access, for example, restaurants and bars.

**18 Carports**

Building work in connection with a carport that—

- (a) is on or attached to an existing building; and
- (b) is on the ground level of the building; and
- (c) does not exceed 20 square metres in floor area.

**19 Shade sails**

Building work in connection with a shade sail made of fabric or other similar lightweight material, and associated structural support, that—

- (a) does not exceed 50 square metres in size; and
- (b) is no closer than 1 metre to any legal boundary; and
- (c) is on the ground level, or, if on a building, on the ground or first-storey level of the building.

### Other structures

**20 Retaining walls**

Building work in connection with a retaining wall that—

- (a) retains not more than 1.5 metres depth of ground; and
- (b) does not support any surcharge or any load additional to the load of that ground (for example, the load of vehicles).

**21 Fences and hoardings**

- (1) Building work in connection with a fence or hoarding in each case not exceeding 2.5 metres in height above the supporting ground.
- (2) Subclause (1) does not include a fence as defined in [section 2](#) of the Fencing of Swimming Pools Act 1987.

**22 Dams (excluding large dams)**

Building work in connection with a dam that is not a large dam.

**23 Tanks and pools (excluding swimming pools)**

Building work in connection with a tank or pool and any structure in support of the tank or pool (except a swimming pool as defined in [section 2](#) of the Fencing of Swimming Pools Act 1987), including any tank or pool that is part of any other building for which a building consent is required, that—

- (a) does not exceed 500 litres capacity and is supported not more than 4 metres above the supporting ground; or
- (b) does not exceed 1 000 litres capacity and is supported not more than 3 metres above the supporting ground; or
- (c) does not exceed 2 000 litres capacity and is supported not more than 2 metres above the supporting ground; or

- (d) does not exceed 4 000 litres capacity and is supported not more than 1 metre above the supporting ground; or
- (e) does not exceed 8 000 litres capacity and is supported not more than 0.5 metres above the supporting ground; or
- (f) does not exceed 16 000 litres capacity and is supported not more than 0.25 metres above the supporting ground; or
- (g) does not exceed 35 000 litres capacity and is supported directly by ground.

**24 Decks, platforms, bridges, boardwalks, etc**

Building work in connection with a deck, platform, bridge, boardwalk, or the like from which it is not possible to fall more than 1.5 metres even if it collapses.

**25 Signs**

Building work in connection with a sign (whether free-standing or attached to a structure) and any structural support of the sign if—

- (a) no face of the sign exceeds 6 square metres in surface area; and
