Mr Pedley took the committee through the report highlighting that there is still work in the process of the shared services ending and the impact this has on the internal charges and depreciation.

Staff noted that the penalties from other schemes are included here, and this is likely because of the nomination for one cost centre. Going forward this will change.

Mr O'Reilly noted that as the weather is getting better work will begin on the Lilburn's job.

It was noted that the work at Rata Marae has not been included, this may be because of the work for Marae Water Assessments which was a separate team at Council. Staff will follow up and this may be included in the next operations report.

9.3 Late items

Rangitīkei LP- Mr Maughan

Mr Maughan sent an email to the Chair the day of the meeting regarding accessing units. There were questions about the impact this might have on the line and further conversation was needed. The committee had no issue with this but needed confirmation from staff regarding these impacts.

<u>Disconnected Murphey Tank</u>

Mr Murphey is paying for excess units currently as the tanks has been moved and the bill needs to be pro-rated in the system up to the date of disconnection. The committee noted that there would be benefit in this being a written request to the committee as further information is needed. The committee directed Mr O'Reilly to inform Ms Whale that the bill is to be pro-rated to the date of connection and hold remaining until further information comes forward.

The meeting closed at 4.48pm.

The minutes of this meeting were confirmed	at the Hu	ınterville Ru	ral Water Sup	ply Management
