9.1 ORWS Financial Summary 2017 to 2021

Mr Tombs explained that he had simplified and summarised the last 5 years and asked the committee if there would be any future capital expenditure. Mr Kelly explained their scheme is simple and did not think there would be much in the future. Mr Gregory said the pipe was only supposed to last 18 years but had gone past that now. Mr Bird would like the scheme to keep a kitty and make the decision when it arises. Mr Gregory said it would be costly but they could raise the money then. Mr Kelly said the question is did the committee want a bigger savings in 5 years.

Mr Tombs suggested maintaining the bank balance and put the rates up to equal the rate increase of 7.29%. Mr Tombs explained the interest on a credit balance.

10 Discussion

10.1 Discussion

Mr Kelly said that he had the link for Horizons for the telementary if anyone wanted it and found the Horizons read was better as it is real time in comparison to the Council one which is delayed.

Mr Bird asked about the 3 waters and the affect it could have on the scheme. His worship the Mayor said it is very likely that it would go through and said there is a rural working group for the rural schemes and they are looking at making the schemes exempt unless the water is used for households.

Ms Mckay suggested to show the new members around the scheme.

10.2 Next Meeting

The next meeting be held Tuesday, 11 April 2023.

The meeting closed at 3.58 pm.

8 Chair's Report

8.1 Chair's Report - April 2023

Author: Lance Kelly, Chair

In general, the scheme has performed well as usual. The intake has been cleared several times due to the heavy rains.

The grates for the intake weir need replacing. We are waiting for quotes from two engineering firms to make replacement grates.

Also, after inspection of the galvanised pipe through the Makino stream, there is digger work needed to protect exposed pipe.

What is standing out more and more is the lack of people with knowledge of the scheme.

Therefore, I propose that everyone on the scheme have a look over it on site, sooner rather than later. For this water scheme to continue successfully the participants need to support it.

Recommendation

That the Chair's Report – April 2023 be received.
