# ORDER PAPER

## TURAKINA COMMUNITY COMMITTEE MEETING

**Date:** Thursday, 5 December 2024  
**Time:** 7.00pm  
**Venue:** The Anglican Church Hall, St George's  
State Highway 3  
Turakina

---

**Chair:** Mr Duran Benton  
**Deputy Chair:** Ms Linda O'Neill  
**Membership:** Ms Rachel Cvitanovich  
Mr Ian Stephens  
Mr Nathan Smith  
Cr Brian Carter  
HWTM Andy Watson

## Purpose of the Committee

- To provide a local link and point of contact for Council liaison with the community.
- To provide for the exchange of information, communication, and to assist with the Council's consultative processes.
- To exercise delegated authority for the annual allocation of \$1.00 per rateable property for "defined small local works" in line with the guidelines provided<sup>1</sup>.
- Particularly, to help ensure that any minor remedial or renewal works are brought to Council's attention through the Request for Service procedure, by promoting its use and advising community members on how to use it.
- To be the first point of contact (prior to Council) for community groups. Where this is not possible, the Committee will be informed of the approach by the community group to the Council.
- To engage with wider/small communities of the ward represented.

For any enquiries regarding this agenda, please contact:

Kezia Spence, Governance Advisor, 0800 422 522 (ext. 917), or via email

[kezia.spence@rangitikei.govt.nz](mailto:kezia.spence@rangitikei.govt.nz)

---

<sup>1</sup> Appended to the Delegations Register

**Notice is hereby given that a Turakina Community Committee Meeting of the Rangitīkei District Council will be held in the The Anglican Church Hall, St George's, State Highway 3, Turakina on Thursday, 5 December 2024 at 7.00pm.**

## AGENDA

### 1 Welcome

### 2 Apologies

### 3 Public Forum

### 4 Conflict of Interest Declarations

Members are reminded of their obligation to declare any conflicts of interest they might have in respect of items on this agenda.

### 5 Confirmation of Order of Business

That, taking into account the explanation provided why the item is not on the meeting agenda and why the discussion of the item cannot be delayed until a subsequent meeting, [enter item number](#) be dealt as a late item at this meeting.

## 6 Confirmation of Minutes

### 6.1 Confirmation of Minutes

**Author:** Kezia Spence, Governance Advisor

#### 1. Reason for Report

- 1.1 The minutes from **Turakina Community Committee Meeting held on 3 October 2024** are attached.

#### Attachments

1. **Turakina Community Committee Meeting - 3 October 2024**

#### Recommendation

That the minutes of Turakina Community Committee Meeting held on 3 October 2024 [**as amended/without amendment**] be taken as read and verified as an accurate and correct record of the meeting, and that the electronic signature of the Chair of this Committee be added to the official minutes document as a formal record.

## 1 Welcome

## 2 Apologies

No apologies were received.

## 3 Public Forum

There was no public forum.

## 4 Conflict of Interest Declarations

There were no conflict of interest declared.

## 5 Confirmation of Order of Business

Mr Paul Chaffe will present the 11.1 Turakina Emergency Response Plan Item at the beginning of the meeting.

## 6 Confirmation of Minutes

### Amendment:

That the word Council replaces the word Committee at the end of paragraph 1 in Item 11.4

### Resolved minute number 24/TCC/024

That the minutes of Turakina Community Committee Meeting held on 8 August 2024 **as amended** be taken as read and verified as an accurate and correct record of the meeting, and that the electronic signature of the Chair of this Committee be added to the official minutes document as a formal record.

Ms L O'Neill/Mr I Stephens. Carried

## 7 Follow-up actions

### 7.1 Follow-up Action Items from Turakina Community Committee Meetings

#### Item 1- Signage

Mr Benton undertook to follow up with Mr Smith about whether these had been purchased and when these will be put up.

**Resolved minute number 24/TCC/025**

That the report 'Follow-up Action Items from Turakina Community Committee Meetings' be received.

Ms R Cvitanovich/Ms L O'Neill. Carried

## 8 Chair's Report

### 8.1 Chair's Report - October 2024

Mr Benton said the broadband cabinet he talked about at the last meeting is not quite up and running yet, it is all tied in with the new Fibre which Chorus extended to the Beach and they have been getting this done first. It is happening for the village and whoever is fed off the cabinet from the corner of Beach Road.

**Resolved minute number 24/TCC/026**

That the verbal Chair's Report – October 2024 be received.

Mr D Benton/Ms L O'Neill. Carried

## 9 Reports for Decision

### 9.1 Mayor's Report - 26 September 2024

#### Marton Pool

His Worship the Mayor provided an updated that the Marton pool will be closed for the summer season. This came down to the operators not being confident about whether they could open safely. This will be very expensive and he is in discussion with members of the community who have said they want to contribute to the funding.

HWTM Watson responded to questions that this is Council owned, but very expensive to operate. The Prime Minister has been very direct saying the four wellbeing's are out, and that Council should only be spending money on the essentials. Council will review the current capital works programs and hopefully find some savings.

#### Chief Executive

Council are advertising shortly for a new Chief Executive to replace Kevin Ross.

#### Regional Economic Growth Summit

The regional summit was hosted by Council with the Mayors from across the region and with Minister Jones. He got a concession out of Minister Jones and he publicly agreed he would arrange Minister Potaka and himself to discuss infrastructural needs at Ratana. Council are doing a very

expensive waste water program there and that may be a way of taking some of the pressure off. There have been applications from Ratana in terms of their buildings, they have been promised things for a very long time and every year all the politicians go there, but you will find there will be some announcements from the Prime Minister to significant capital spends in Ratana.

#### Local Water Done Well

His Worship the Mayor will be arranging public meetings in Marton and Taihape, not to say this is what we are doing, but to say this is the process we have to go through with Government.

Council will consult with the wider community early next year around our preferred option. That then goes to Wellington and they may or may not approve it. In December, the third tranche of legislation will be released by Government. It is messy and the timeframes are tight because the government wants to deliver this within this government term.

HWTM Watson said that stormwater won't be in it as a right however as you set up the entity that delivers water and drinking water, Council is then still responsible for stormwater, the Council could go to the entity and say we would rather you deal with stormwater as well. The entity as a Council cost and function to provide that service. Some of that makes sense because you won't have the staff because that staff have left to become part of the entity. Then the complications of rural water schemes, under Labour he knew far more how that may work, that is yet to be clarified under National.

**Resolved minute number 24/TCC/027**

That the Mayor's Report – 26 September 2024 be received.

HWTM A Watson/Mr D Benton. Carried

## 10 Reports for Information

### 10.1 Turakina Emergency Response Plan

Mr Chaffe said given the area, there are already two community response plans in play, Kauangaroa have worked on one with Whanganui District. Koitiata have a plan and had that for a number of years which is based around the Fire & Emergency NZ fire force that is down there.

Turakina itself doesn't face many challenges the main risk would be the road, a transportation accident causing a chemical spill or something like that. It is out of a tsunami inundation zone, out of the flood plains, nowhere near a recognised fault line. Other than that you would be looking at isolation so when Whangaehu floods you won't be able to get to Whanganui. An event in Whangaehu is probably going to affect Turakina, it doesn't close the road but closes the lower valley. It does significantly affect farm land up in Turakina, but then if that kind of event there may be a low spot filling with water so surface pooling not flowing so you're probably not going to be able to get to Bulls, fingers crossed you can get to Marton but know it comes down the stream, crosses the road and off the farmland past the shearing sheds. It doesn't close the road ever but it does create a surface issue with the water going over the road. So there is potential to become isolated from Marton. In saying that, part of the community response plan is knowing your risks.

Mr Chaffe said what they do with that strategic level is when things look like they are warming up, there is a contact group and he starts emailing, ringing or talking to people.

Mr Chaffe said Monica at Council is an GIS information specialist, she creates maps, she can get the latest flood levels from Horizons and put them on a map and drill down to individual farms.

Mrs Cvitanovich it would be good to show people what it means. It is a concern they have, they are quite transient at times with staff coming in and out and it's the new people who don't fully understand. You are probably never going to be able to make the ones in the Village evacuate when they should but she feels that at least if they try to get the information, they have done everything they can.

Mrs Cvitanovich is going to try for this meeting with Mr Chaffe and they can get a one page flyer they can put out to the community.

HWTM Watson said that Council can get things printed.

Mr Chaffe said if the community committee wanted to be the conduit for information, that's not a problem. He will include the committee into the emails he sends out. There is always the risk it will be a false alarm, so he tries not to put them out, if he does, you have to go with it, as he has no other options. Half an hour after the last one, he put a stand down notice out, that happens.

Mrs Cvitanovich asked if you did declare an emergency, that could come through, it would kick in and we would ring.

Mr Chaffe said it would go to all the contacts, there are a few key people, they start telling their contacts, we rely on networks.

Mr Chaffe said one important aspect is it is the community helping the community, there is a common misconception that Civil defence is a great big army of volunteers that are going to come and save the day.

Mr Chaffe said there are politics involved out of central government. It's easier if they call the school a Welfare Centre, they don't officially activate it, open and use it as it brings complications. But if the community want to gather there and share information this is not a problem. If the school wants to put its hand up to have an aerial installed and we can put a Civil Defence radio in there, that is cool too. Try to keep it informal, not formal. If Mayor Watson declares, the Ministry of Education close all the schools so are you allowed in there or not. Then the moment he lifts the declaration, regardless of whether or not you are still effected, the school wants to open but you are using it as a welfare centre.

Mr Benton asked if it would be appropriate to have a chat with the Principal to find out what her thoughts are on it.

Mr Chaffe said remembering to he doesn't have an army of volunteers to come and staff it, open it, it's the community utilising a community facility to support the community. He can give training, point you in the direction of online courses. Mr Chaffe said everywhere is different. Now is the time to strike because there is a little bit of funding on a project where they have updated their entire radio network and in there he could buy and install a radio in this financial year.

Mrs Cvitanovich asked if they could have radios at each end of Whangaehu or not, because at the moment all they are going to get is one is going to the Hall if you need to. There's not actually one there and in a major event, you are not going to have much time.

Mr Chaffe said Kauangaroa have got one so they could talk out, the Marae has one but that is not ours and this talks to Whanganui.

Mrs Cvitanovich said Whangaehu have a good set up but that is their own but unless some of them can get up there and say they need some help, they are stuck, cut off, isolated and if they need 111, that's one of the things they are trying to say, they have no method of communication. So it's all very well to look after themselves but if they need anything more, they have not got radios at all. In Whangaehu they know they flood, they do want something.

Mr Chaffe said it gets back to network to network, he can't put radios everywhere but if you have an existing radio network, could they put one where his one is, then their network could talk to his network

Mrs Cvitanovich would like to have another conversation about that because it is major thing and that is how people feel and they are still no further forward and know that a radio may get to the Hall, it's not going to help any of them at either end if they are majorly cut off and in trouble. They have to look at what's there and try to figure how they can work it out.

Mr Benton thanked Mr Chaffe for his attendance at the meeting.

### 10.2 Funding Schemes Update - October 2024

The report was taken as read.

**Resolved minute number 24/TCC/028**

That the Funding Schemes Update – October 2024 be received.

Mr D Benton/Mr I Stephens. Carried

### 10.3 Small Projects Fund Update - October 2024

Mr Benton said they need to see where Mr Smith was as his understanding as he had bought the signs. The fund is sitting at just over \$2,000 at the moment.

**Resolved minute number 24/TCC/029**

That the 'Small Projects Fund Update – October 2024' report be received.

Mr D Benton/Ms L O'Neill. Carried

## 11 Discussion Items

### 11.1 Reporting of Roading Issues

Mr Benton said this is reported by the fix it forms.

HWTM Watson said the challenge is there are roads in the region that service minimal number of people and the cost to repair them are huge.

Mrs O'Neill noted on SH3 where that wire has gone, outside Dudding's Lake, it is appalling. She would like to get from Turakina to Palmerston North and that road is really rough. This sits with Central Government who are responsible for SH3.

### 11.2 Proposed Community Initiative- Revitalisation of Kahuraponga Stream

Mrs O'Neill spoke to the Rangitikei River Catchment collective which is about farmers being committed to the rivers that run through their properties. She was trying to get interest in it, as one of her passion's is beautifying Turakina so when you drive through you think this is a lovely little village and so we talked about how we could engage community members in the revitalisation of the Kahuraponga Stream from the village upwards. Mrs Cvitanovich is involved with the RCC for the Whangaehu.

Mrs Cvitanovich has driven to the Turakina village every morning since and thought we could paint this bridge and make that look nice, so it was a nice entrance into the village. Can see you are looking to raise the bar and make it look nicer. You would never know there is a stream in there, you can't see anything.

Mrs O'Neill is going to pursue that from the farmers along the stream but at some stage it would be nice to engage the community.

Mr Benton said if you were looking for direction, would it be best to go to Horizons for a start.

HWTM Watson said the Rangitikei Catchment Collective is not Horizons but if there is work being done on a stream, you need to engage with Horizons Regional Council, not Rangitikei District Council.

Mrs O'Neill said she thought they could help with the direction, she didn't intend to imply it was Horizons.

Mrs Cvitanovich said the catchments are meant to be community driven, so for the people right there, it's for them as well and they get involved with the Catchment for that and some momentum going.

Mr Stephens said one of the things they talked about was whether the Council could help with advertising with what they were doing, a leaflet drop.

ITEM 6.1 ATTACHMENT 1

HWTM Watson said this was set up and powered by people like Roger Dalrymple and they have paid staff and administration who can do these sorts of things. A lot of it is water monitoring, long term improvements and over time are improving the awa.

Mrs O’Neill we were proposing it wasn’t water monitoring so much as species monitoring, counting species and looking at that. She knows Mr Redmayne at Tunnel Hill has done a lot for the part of the stream that runs through his place. Its baby steps at the moment but she liked the idea.

Mr Benton said even if it’s only the section from behind the pub to across the road to start with.

Mrs O’Neill said there are trees that were planted and purchased through the Small Projects Fund along with the picnic tables.

Mrs Cvitanovich said there is a meeting in the first week of November and Mrs O’Neill asked if she could get an invite. Mrs Cvitanovich said yes. They have three years of water testing results, its gone very quickly so they have data so they can have a meeting and look at it.

Mr Benton asked if Mrs Cvitanovich could make first point of contact then Mrs O’Neill and he can go from there.

Mrs O’Neill said a get together in their woolshed is probably how they will try to engage people so part of it was using small project fund to hire a projector to show images.

Mrs Cvitanovich said Mr Dalrymple came with all of that and talked them through it so they can help with that.

HWTM Watson said there was also the Bonnie Glenn meeting that Cr Wilson has been going to.

Mrs O’Neill said she is passionate and when you look at it every day, you need to do something about it.

**The meeting closed at 8.30pm.**

**The minutes of this meeting were confirmed at the Turakina Community Committee held on 5 December 2024.**

.....  
**Chairperson**

## 7 Follow-up Action Items from Previous Meetings

### 7.1 Follow-up Action Items from Turakina Community Committee Meetings

**Author:** Kezia Spence, Governance Advisor

#### 1. Reason for Report

1.1 On the list attached are items raised at previous Turakina Community Committee meetings. Items indicate who is responsible for follow up, and a brief status comment.

#### 2. Decision Making Process

2.1 Staff have assessed the requirements of the Local Government Act 2002 in relation to this item and have concluded that, as this report is for information only, the decision-making provisions do not apply.

#### Attachments:

1. **Follow-up Actions Register** [↓](#)

#### Recommendation

That the report 'Follow-up Action Items from Turakina Community Committee Meetings' be received.

## Current Follow-up Actions

Item	From Meeting Date	Details	Person Assigned	Status Comments	Status

## **8 Chair's Report**

### **8.1 Chair's Report - December 2024**

**Author:** Duran Benton, Chair

#### **1. Reason for Report**

- 1.1 The Chair will provide a verbal report.

#### **Recommendation**

That the verbal Chair's Report – December 2024 be received.

## 9 Reports for Decision

### 9.1 Mayor's Report - 28 November 2024

**Author:** Andy Watson, His Worship the Mayor

#### **Abuse Under Care**

On 12 November I attended the apology from the Crown in Wellington for the “Abuse Under Care following the Royal Commission of Enquiry”. The Enquiry had previously found that many young people were abused, sexually assaulted and tortured while under state care. Many of these actions had occurred at hospitals, children’s homes and faith based institutions and in private homes where children were based with state carers. The Enquiry found that many young people had raised questions to authorities that were not listened to, or were punished further for reporting or questioning. There are many reports documenting the Enquiry and their findings are online. However I wish to make a few points –

- The survivors carry the effects and trauma suffered for their lifetime.
- For the huge number of survivors and supporters that listened to the apology and the stories from survivors at Parliament or at several centres around New Zealand it was emotional and raw.
- The lead coordinator Minister Erica Stanford apologised to a silently listening and grieving audience. Minister Stanford is acknowledged by all for genuinely caring and doing all that she can to support.
- There were a series of apologies from the various public sector leaders including MSD, Police, Oranga Tamariki, Education and Public Service. The Solicitor General Una Jagose KC gave an apology that was received with anger and hostility because on many occasions she was thought to have been unhelpful and criticised the honesty of the survivors’ stories.
- These apologies were followed by the apologies from Prime Minister Luxon and the Leader of the Labour Government which were accepted by most as genuine.
- With the apologies came the Crown responses. There will be compensation to the survivors although the mechanism and cost still has yet to be worked through. There will be a series of reforms for each Government Department and money will be allocated to search for the “missing people” i.e. the unidentified graves, and on 12 November next year there will be a public holiday to reflect and report on progress made.
- Apparently there are a number of street names in public recognition places relating to perpetrators of this abuse and these will be removed.
- So what does it mean for the Rangitikei? Lake Alice, which sits in our district, was named and regarded as the foremost centre of the abuse. There will be some sort of memorial here which is yet to be finalised. Our district will probably feature in the search for unidentified graves much like the search by our RSA Vet Barry Rankin for the unidentified graves of RSA veterans buried at our cemetery on State Highway 1.

Yes, abuse did occur at Lake Alice Hospital along with many other places throughout New Zealand and we must acknowledge that history. However there were many staff there at Lake Alice with the highest standards of behaviour who were genuinely caring for people and who were unaware of the abuse that was occurring. A huge number of young people were placed into adoption with people

that loved them, cared for them and recognised them as family. Let us not forget these people who made sacrifices to support others.

### **Gentle Annie Road**

With the closure of the Tangiwai Forestry Mills, cutting of the Ernslaw Forests has to continue. These logs unprocessed are now sent for export resulting in 1000 tonnes per day being trucked over the Gentle Annie Road that links Taihape and the Hawkes Bay. This is not a state highway - it is a demanding road not suitable for this volume of traffic and this may continue for many decades. Quite simply the road will deteriorate markedly and there will be accidents as there are many lined narrowed corners where large trucks cannot pass each other. The cost of upgrading and maintaining this road will be beyond the finances of our Council. These logs could go by rail but currently because of the extra distance it is cheaper to transport by road. I have asked for a meeting on 25 November with the key members being the forestry owners, KiwiRail, Ports of Napier, NZTA, Road Transport Contractors and representatives from both our Council and Hastings District Council to discuss this. That meeting will take place in Bulls.

There needs to be a solution and if one is unable to be attained at that meeting I will ask for a meeting with Minister Simeon Brown to discuss the possibilities of extra funding or the possibility of a toll levied on the forestry sector.

### **Te Whare o Rehua Sarjeant Gallery Whanganui**

On the weekend of 8/9 November I was invited to a series of events in Whanganui to celebrate the reopening of the Sarjeant Art Gallery. It started with a powhiri on the Friday afternoon at Putiki Marae, followed with a 4.30am dawn ceremony on the Saturday morning to bless the building and a "Shimmer & Shine" social event on the Saturday evening. The Sarjeant Gallery is a nationally recognised taonga for New Zealand and was closed 10 years ago due to earthquake concerns. The plan for strengthening, restoration and the construction of a new wing dedicated to Tā Te Atawhai Archie John Taiaroa KNZM, who was a loved and respected kaumātua and inspirational leader of the Whanganui people, took 10 years and came at a cost of \$70m. Finding that funding was a challenge and was a partnership between Whanganui, the Crown with the Provincial Growth Fund and many investors.

### **Spring Fling Taihape**

The Spring Fling this year was on the same day as the opening of the Sarjeant Gallery in Whanganui where I had attended the dawn blessing and evening function. Unfortunately that meant it was difficult to spend the whole day in Taihape so Beth and I were there for only a couple of hours. The highlight of the day was receiving the Historic Places plaque in recognition of the Grandstand. Andrew Coleman the CE of Heritage New Zealand made the trip to present the plaque and speak. He congratulated the district and included congratulations for the Mangaweka Cantilever Bridge and the Taihape Picture Theatre. Andrew is an Old Boy of Taihape and he used the occasion to meet up with his family and friends and have a class reunion attended by many of his classmates. Heritage is incredibly important to us all and the registration of the Grandstand as an Historic Place has been made possible by the Heritage Group from Taihape headed by Community Board Chair Peter Kipling-

Arthur. Being honest, I thought the Spring Fling missed a few opportunities this year. There was no signage on the main street and attendance seemed to be down. I congratulate Pania for doing the hard work but I wonder if I, our staff and community needed to get alongside her to provide support for the Trust.

### **Armistice Day**

I celebrated Armistice Day on the 11<sup>th</sup> day of the 11<sup>th</sup> month at the 11<sup>th</sup> hour with the RSA Service at Marton Park. This year was especially poignant as it came with the recent announcement of the death of Sir Robert “Bom” Gillies, the last survivor of the famed Māori Battalion. The volunteers of the Māori Battalion, who numbered 3600 men, fought in the Second World War in places such as Cassino and followed the Māori contingent that left New Zealand to serve in WWI in 1915. The Armistice Day Memorial speech was written and read by Luci Downes a senior Rangitikei College pupil and with her permission, I attach that speech for you to read - it was very moving and thought provoking. Lest we forget.

### **Local Water Done Well**

Local Water Done Well is the new National Party solution to the (“three waters) delivery options for waste-water (sewerage), drinking water and stormwater services provided by Councils. Please refer to our Council website to see the regular updates and information. The changes to Local Government are the most significant changes in decades if not for all time.

Over the last week I organised a series of drop-in meetings during the day followed by evening meetings in Bulls, Marton and Taihape which had very little interest. I am prepared to speak to any group or anyone in the district if you missed these chances.

Government timelines for decisions are challenging and the key points are –

- Council decides on a preferred option to deliver water services on 12 December.
  - The options are –
    - i) Maintain sole control as our Council either by current in-house management or by forming our own CCO (Council Controlled Organisation);
    - ii) Have a joined up approach with other Councils in our region (preferably by way of a CCO);
    - iii) Adopt a consumer trust model.

*If you want to know more about the relative merits of these or who we could partner with please reach out.*

- Council will consult early next year (February/March) on our preferred solution and other options.
- By September we provide Government our plan for approval. Government can say that they don’t approve and make decisions for us!
- Council continues to provide these services as happens now until 2027/28 and then the new water entity takes over.
- It has been a frustrating process with further Government legislation due in December.

- Most Councils in New Zealand, I suspect, will form regional CCO's with other Councils. This will give access to long term funding through LGFA (Local Government Funding Agency). The Councils will then appoint one member to a Governance Board with probably both an independent chair and an iwi voice. This Board would then appoint directors of the new water entity based purely on expertise. However, none of this is yet set, but is in my opinion a likely outcome.

### **A couple of updates**

- As you will all know we have closed the Marton Swimming Pool because of the failure of the principal laminated beam. Council has decided that we will focus on the long term solution and hopefully have the pool reopened for next season. To make that possible we have already contracted a company to look at the structural integrity of the building, the repair of the roof and to provide us information on the future of not only the main pool but the roof surrounding the children's pool. I am hoping that we get reports back from that before Christmas to be able to present a way forward early next year. Myself and Council regard the Marton Pool as a key part of our community and I want us to move as quickly as we can. I know staff are looking at possible alternative arrangements for swim lessons and I hope to be able to update the community on this early in the new year.
- The Dudding Trust met recently and made decisions around who will receive money in this financial year. At the moment those results haven't been announced and successful organisations will be contacted in the very near future by the Trustee. What I can say is that we are distributing around \$900,000 to the wider Rangitīkei community. The Rangitīkei district is not eligible for a number of other funds and in this regard we absolutely rely on the foresight of Mr Dudding and I hope to be in the position to be able to congratulate successful recipients in the near future.
- In the last Mayor's report I made comment that we are going through a recruitment process to select a new Chief Executive. Council have now reduced what was a very long list because we had a significant number of people interested in the position and we are hoping to be able to appoint late this year for someone to take up the role early next year. We owe a huge debt of gratitude to Kevin Ross who took on the role of what was an interim Chief Executive position last August. Staff have loved working with him and he has been able to successfully deal with a number of long standing issues.
- Mayor's Taskforce for Jobs TUIA – I am looking to continue with the TUIA programme in 2025 and will be interviewing prospectful candidates shortly for nomination. It has been a pleasure to work with this year's TUIA Nyssa Nepe and watch her grow as a future leader. Nyssa will present a report to Council on her experience in the programme in December.
- There have been recent announcements by Government that they will put approximately \$10m of funding (as cash funding) into Ratana to deal with infrastructure and needed building issues. The announcements were made from the Offices of Minister Potaka and Minister Jones. To my mind this helps addresses the number of times politicians from both sides of the House have made promises to Ratana during January celebrations and delivery of those promises has been a long time coming.
- Ratana will again celebrate the birthday of TW Ratana on 25 January 2025 and this will be an enormous occasion. The numbers could swell to 30,000 plus people who will want to accompany the new Māori Kuini Ngā Wai hone i te pō onto Ratana for her first official visit. We will be inviting our Elected Members to be part of that process and I will be spending 2-

**ITEM 9.1**

3 days at Ratana in support. I thank staff for the amount of time that they need to spend planning support in terms of water, wastewater, rubbish collection etc for the event.

- There has been a recent meeting of the Users of the Taihape Memorial Park Group and I just want to highlight the patience that Charity Davis and Charlotte Oswald have taken waiting for Council to develop their long term plans for the Park. The playground group have now been given approval that they can start with a known location, essentially where the old toilet block is on Memorial Park. This toilet block will need to be demolished and replaced with something that is fit for purpose. I know they are looking at taking a couple of options to the community and I know they will be seeking interest from any party who can help them with the funding. If you think that you can help please get in touch with Charity directly or approach myself or one of the Councillors.
- I am looking to attach to this report, but may not have completed in time, my report from the recent Zone 3 meeting held in Napier. To do justice to this report I want to take some time and comment on the relevant speakers and am hoping to get it attached in time.
- Similar to the Zone meeting in Napier I will be attending the Combined Sector Rural & Provincial Meeting in Wellington on 21/22 November and I hope to also be able to table a report on that meeting. These meetings are incredibly important as they are our direct interaction with Crown and the speed and complexity of decisions we are being faced with by Government at the moment and how they significantly affect Local Government is unprecedented.

**Schools**

- Last weekend I attended the celebration at Huntley School marking 10 years of girls attending the school.
- We are still waiting on the notification from the Ministry of Education around the rebuild of the Taihape Area School but I am hopeful we should receive this reasonably soon.
- I am currently attending prizegivings where my diary allows on requests from schools and at the end of year prizegivings for Rangitikei College and Taihape Area School there will be announcements around 4 successful scholarships that Council makes available to Year 13 students.

**Mayor’s Engagements**

**November 2024**

1	Attended meeting with Chief Executive Attended Fortnightly Economic Development Meeting with staff Attended monthly catchup meeting with Police
2	Attended Hunterville Shemozzle to help set up Attended Mayors Taskforce for Jobs TUIA end of year celebration in Lower Hutt

# LGNZ four-monthly report for member councils

// July-October 2024

## Ko Tātou LGNZ.

This report summarises LGNZ’s work on behalf of member councils and is produced three times a year. It’s structured around LGNZ’s purpose: to serve local government by **championing**, **connecting** and **supporting** members.

Many councils have found it useful to put this report on the agenda for their next council meeting so that all councillors can review it and provide feedback. Sam and Susan are also happy to join council meetings online to discuss the report or any aspect of it, on request.

This report complements our regular communication channels, including *Keeping it Local* (our fortnightly e-newsletter), providing a more in-depth look at what we do.

## Introduction

This busy four months included our SuperLocal conference in Wellington, which attracted more than 700 people and dominated the news agenda all week. This was partly thanks to headline-grabbing comments from the Prime Minister and Local Government Minister, but also because of the LGNZ team's proactive generation of many other topics in the media spotlight at our conference, from four-year terms and tourism levies to localism and regional deals.

Alongside preparing for and delivering SuperLocal, our small team managed a huge range of other work, which is covered in this report. Highlights include:

- Launching our third rates rise toolkit in July, including NZIER's research uncovering the costs of unfunded mandates for councils. Unfunded mandates are costs that local government ends up carrying as a result of central government legislation.
- In October, launching our Electoral Reform Working Group's issues paper exploring the current state of participation in local election and asking for feedback.
- Local Government Minister Simeon Brown announcing a framework for Regional Deals that aligns with many of the elements LGNZ called for in our May proposal.

As you'll see below, we've had many meetings with Ministers, the Prime Minister and other politicians across a wide range of topics. And we've engaged in a range of policy issues, with our work driven by the high-level advocacy priorities that members and National Council agreed earlier this year:

- Funding and financing
- Water
- Resource management reform
- Transport
- Climate change

Right now, we're preparing for the 21 November Combined Sector meeting, focused on the Government's local government reform programme. It features a strong range of speakers including the Local Government Minister, Regional Development Minister, Opposition Finance Spokesperson, Australian local government speakers on their rates capping experience, and a briefing from the Treasury on New Zealand's fiscal situation.

During the meeting, we'll also be launching a funding and financing toolkit, showcasing a range of tools that could be used (alongside rates) to boost local government's financial position and help councils deliver for ratepayers. Watch out for an email direct to your inbox on 21 November with all the details. We'll be advocating strongly for these tools – and sharing resources so you can too.

Ngā mihi  
Sam and Susan

---

LGNZ four-monthly report for member councils: July-October 2024 // 4

---

## Champion

### Local government funding and financing

#### Rates rise toolkit 3: Unfunded mandates

In July we released work we had commissioned from NZIER on the impacts of unfunded mandates on local government. NZIER's research highlighted:

- that many central government reforms have resulted in increased costs for ratepayers;
- that central government does not adequately estimate or address what its reforms cost councils;
- that constant policy changes lead to high sunk costs for councils with no tangible outcomes; and
- the true costs of government reform are hidden because councils absorb them by reducing other service delivery.

Our third rates rise toolkit packaged this research with slides and key messages that members could use. The release generated significant media interest and engagement from members.

#### Tourism and cost recovery

From 1 October, the Government raised the International Visitor Conservation and Tourism Levy (IVL) from \$35 to \$100 to ensure visitors contribute to the upkeep of the facilities, services and natural environment they use and enjoy during their stay. LGNZ is advocating for councils to have a greater say in how the additional funding is spent on tourism-related initiatives. We are also continuing to advocate for the Government to enable cost recovery tools (such as a local tourism bed night charge).

#### Revenue capping and other measures

At SuperLocal, the Government announced that they would investigate performance metrics, benchmarking, and revenue capping for councils modelled on New South Wales and Victoria. The policy team has been engaging with local government experts from New South Wales and Victoria to understand how these policies have worked for them and what the impact has been. We will provide insights from these discussions and research on these policies with members soon, including at the November Combined Sector meeting.

#### Forthcoming funding and financing toolkit

We are working on a toolkit for release at the November Combined Sector meeting that details a range of 24 funding and financing tools that would benefit councils (but potentially require enabling legislation). This toolkit will include:

- Basic information about each tool, how it can be used and what it might deliver
- Data to support our approach and inform members' conversations
- Messages local government can use

- A draft opened and draft letter to an MP that can be customised

The toolkit launch will be supported by media and advocacy activity, in the same way that the rates rise toolkits were.

### Regional deals

We were pleased that the Government made announcements around its Regional Deals framework at SuperLocal, and that our advocacy has been taken on board with the framework largely reflecting our position. This framework includes partnership, new funding tools and a commitment to long-term planning, and is modelled on LGNZ's proposal released earlier this year.

We know funding tools and regulatory relief will be made available in the regions that secure deals. We have been advocating for those benefits to be available for all of local government (where that makes sense).

Our focus now is on ensuring that the regional deals model has room to evolve and deepen – as it's become clearer that the first iteration will be limited in scope.

### Government relations

We appeared before select committees in support of our submissions on the water services preliminary arrangements and fast-track bills.

We've also had productive meetings with Hon Chris Bishop and Hon Casey Costello.

The meeting with Minister Bishop included Hastings District Council Mayor Sandra Hazlehurst and chief executive Nigel Bickle. They were able to provide the Minister with their reflections on the recent Kāinga Ora review and some examples of what they were doing locally to promote better housing outcomes, as part of our effort to position local government as a key partner in resolving the housing crisis.

The meeting with Minister Costello was about what role councils may play in reform of vaping regulations, and resulted in an agreement that LGNZ would further engage with health officials on what a system in which councils have greater control over where vape retailers are located could look like.

In early July we hosted MPs who were former local government elected members or staff for a casual evening function at parliament. Six MPs joined Sam and the LGNZ team for some good conversations and bridge-building across party lines.

We have reached out to ACT leader and Minister of Regulation David Seymour to work with him and his party on streamlining the regulatory burden on councils, and on the ACT commitment in its coalition agreement with National to look at improving housing incentives on councils through GST sharing.

At our July meeting with Minister Brown, we raised concerns regarding NZTA's proposed changes to emergency works funding. We also discussed the Ratepayers' Assistance Scheme (RAS), which is an

---

LGNZ four-monthly report for member councils: July-October 2024 // 6

innovative financing scheme that LGNZ has been developing with a group of Metro councils, the Local Government Funding Agency and Cameron Partners. The purpose of the RAS is to make local government policies and charges more affordable for ratepayers. RAS would provide ratepayers with:

- Flexibility to decide when to pay local government charges; and/or
- Very competitive finance terms (below standard mortgage rates).

The recess period gave us the opportunity to connect with staff in the Beehive. These conversations have provided insights into the Government's perception of local government and help myth-bust staffers' perceptions (where that's been required).

In late September, we met with the Prime Minister and Local Government Minister together, as part of our series of regular quarterly meetings. Talks took a practical approach to tackle the challenges facing local government. Before the meeting, we asked mayors and chairs for practical cost-cutting ideas to relieve pressure for ratepayers and help councils operate more efficiently. Here's a selection of the ideas you shared:

- Simplify audits with a tiered, risk-based system
- Review Long Term Plans less often
- Let councils set their own fees for things like parking and animal control
- Review District Plans and conduct Representation Reviews less frequently
- Encourage shared services between councils
- Better align local and central government decisions
- Create a "Fast Track" process for land rezoning
- Address the contributors to civil construction price increases.

The Prime Minister and Local Government Minister were interested to hear about possible changes.

In early October, we again met with the Minister for Local Government. The Minister was open to receiving further advice from us on how to cut costs for councils, including a proposal to change Schedule 10 of the Local Government Act to make it less cumbersome and more accessible for the community. The Minister was open to coming to our sector meetings in February and May next year.

The Government announced a raft of proposed changes to the building consents system in late October and we are meeting with Hon Chris Penk in early November.

### Media

The June Infrastructure Symposium, including Infrastructure Minister Chris Bishop's speech at our networking function the night before, received very strong media coverage, with stories in The Post, BusinessDesk, NBR and RNZ focused on our support for more funding tools to pay for infrastructure. We also used the opportunity of the Infrastructure Symposium to further our advocacy against proposed changes by NZTA to emergency works, which was a lead story on 1News. Other media interactions in July focused on elected members' behaviour and Christchurch City Council's exit from LGNZ.

SuperLocal24 generated widespread national coverage, making it one of the top stories of the week. The Prime Minister’s politically charged speech, rate increases, and large media attendance contributed to the event being so widely covered. The overall media result was the result of significant planning by LGNZ. We developed a range of proactive stories and pre-briefed media on issues important to members, which ensured balance in stories and coverage of our proactive angles.

Feedback from media about the conference experience was very positive.

6 press conferences

33 accredited media

400+ media items

9 proactive story topics

Earlier in August, LGNZ led out positively on the Government’s Local Water Done Well announcement. LGNZ Vice President Campbell Barry spoke to [1News](#) and said while it was a welcome step, we need to temper expectations about the effect on rates short-term. LGNZ National Council members Tim Cadogan and Neil Holdom spoke to [Stuff and Three News](#) about the need for certainty from all sides so councils can get on with business. Concerns still playing out in the media centre around [credit ratings](#) of the LGFA and the new CCOs, which S&P put a statement out about. LGNZ engaged with S&P at the end of last week and will share updates in the coming months.

Confirmation of time-of-use or congestion charging was also announced in August, with LGNZ Transport Forum Chair Neil Holdom putting LGNZ’s support [on the record](#) saying, “it’s a prudent and pragmatic step that LGNZ has long advocated for”.

Coverage of our unfunded mandates research launch included LGNZ Vice President Campbell Barry speaking to [The Post](#), [RNZ](#) and [Newsroom](#) about the report and joining [ZB’s Early Edition](#) to highlight the cost of flip-flops on policies when the government changes. Then in [The Post](#), Ex-Chief Press Secretary for the National Party Janet Wilson reflected on our research, reiterating the impossible situation for councils as “rates as a share of GDP have hovered around 2% for 20 years” and “central government ... have all the power, with local councils forced to carry out its wishes.”

Also in August, rates invoices began to hit letterboxes. LGNZ has consistently raised this as a national issue in the media and ensured there is good data to support these conversations with communities. Infometrics CE and economist Brad Olsen commented in [The Post](#), giving this perspective on rates rises – “if you look at the amount of money that people pay in their rates versus what they pay to central government, you’re talking chalk and cheese.”

In mid-July, in response to the Government’s announcement it would not progress the Future for Local Government report, we issued a media statement saying “LGNZ developed our own response to the FFLG review, in collaboration with members, and that underpins all our advocacy. We won’t give up advocating for these key changes.”

---

Earlier in July, a disturbing story was front page in the [Herald on Sunday](#) with former Mayor of Nelson Rachel Reese telling her story after an intruder entered her home back in February. This targeting of former and current elected members is rising, and a poll at LGNZ's Combined Sector meeting in April showed 53% of elected members say it's worse than a year ago. LGNZ CE Susan Freeman-Greene spoke to NZ Herald about members' concerns and highlighted the work LGNZ has been doing to support members – including previously championing a removal of candidate addresses from election advertising, and our roundtable zooms with the likes of NZ Police and Netsafe.

Also in July, LGNZ President Sam Broughton joined the [On The Tiles](#) podcast to discuss our city and regional deals framework and what we could learn from the likes of Australia and the UK.

The Government's building consents reform was welcomed by LGNZ: Sam was interviewed on RNZ and Newstalk ZB. A few days later, when the International Visitor Levy went up, we proactively called for the Government to share the increase with councils to support tourism costs. This advocacy was picked up by the radio stations.

In October, LGNZ was in the media spotlight as we advocated for central government funding of emergency responses. This was part of [our response](#) to the Government's announcement following the North Island Severe Weather Events report. Our President Mayor Sam Broughton and National Council member Mayor Rehette Stoltz shared the workload, with Sam speaking to outlets like [Newsroom](#) and Radio NZ, while Rehette had interviews with TVNZ's Breakfast news and Newstalk ZB.

We marked one year until local body elections by [calling](#) for candidates to start thinking about getting prepared. LGNZ Deputy CE Scott Necklen chatted with Newstalk ZB and RNZ on the subject. During our YEM Hui in Christchurch last month we shone the [spotlight](#) on young leaders in local government, pointing to YEM numbers doubling over the past three elections. We used speakers at the YEM hui to tell a breadth of stories about the importance of this network.

With the Electoral Reform issues paper being released this week, we set up an interview with the Electoral Reform Working Group's Chair Mayor Nick Smith and Jack Tame on [Q & A](#). Securing an interview with one of the only longform political news programmes was a crucial part of our work to raise these issues in the political sphere – and to ensure the work helps inform the Government's decisions. Following our Electoral Reform [article](#) on Sunday, we also organised interviews with Mayor Rehette Stoltz (who is also part of the Working Group) on [Hosking Breakfast](#) and Radio NZ to discuss some of the issues.

LGNZ also [spoke out](#) about the Government's proposal for self-certification for building professionals, speaking to [Three News](#) and Newstalk ZB about the issue of long-term security over the indemnity insurance – to ensure that neither councils nor affected homeowners are saddled with costs if an issue occurs.

Amid public calls for tougher booze rules, Sam Broughton also spoke with both [The Press](#) and [Stuff](#) about how Local Alcohol Policies work.

---

### Electoral Reform Working Group

The Electoral Reform Working Group, chaired by Mayor Nick Smith, developed an issues paper that was launched in late October. It sets out the current state of participation in elections. It explores:

- Understanding of local government and why it is important
- How easy it is to vote, especially with the decline of post
- Knowing candidates and what they stand for
- Administration and promotion of elections
- Four-year terms including their implementation and transition

From mid-October to 5 January, we will seek feedback on the paper from members, key stakeholders, and the wider public. This will include presentations at all zone meetings.

Engagement on the issues paper will inform a draft position paper, which will be engaged on from March-May, before a final paper is drafted. National Council will be asked to adopt that final position paper, which will be launched at SuperLocal25.

### Remits

This year, to better prioritise resource allocation to remits, National Council adopted a two-step process for remits agreed at LGNZ's AGM. As part of this process, the AGM ranked remits in order of priority, with the following results:

1. Appropriate funding models for central government initiatives
2. GST revenue sharing with local government
3. Local government Māori wards and constituencies should not be subject to a referendum
4. Proactive lever to mitigate the deterioration of unoccupied buildings
5. Representation Reviews
6. Community Services Card
7. Graduated Licensing System

At its September meeting, National Council decided to take the maximum approach for the first four remits. This means commissioning advice or research, or in-depth policy or advocacy work. National Council decided to take a less resource-intensive approach to the remaining remits, which could involve writing a letter to the relevant minister or agency. However, remits may get additional resource if they align with other existing work programmes.

LGNZ's policy team will shortly be in touch with all councils who proposed successful remits to agree on next steps.

### Māori wards

Forty-five councils established or resolved to establish Māori wards since the law change in 2021. The Coalition Government enacted legislation that required those 45 councils to make decisions to retain or disestablish their Māori wards by Friday 6 September. If councils chose to keep the wards, they have to fund a poll at next year's local elections.

Two councils decided to disestablish their Māori wards: Upper Hutt City Council and Kaipara District Council. The other 43 decided to retain their wards and a number of these decisions were unanimous, including: Far North, Porirua, South Taranaki, South Wairarapa, Hauraki, Stratford, Marlborough, Whakatāne, Rangitikei, and Ruapehu.

Some councils indicated they would investigate the implications of refusing to hold a binding referendum. Palmerston North City Council will present a report at an upcoming council meeting; Whakatāne District Council has sought legal advice; and Far North District Council has asked the chief executive "to investigate options of not conducting a binding poll at the next local body election in 2025".

LGNZ is supporting councillors affected by this legislation. Connected to this is our work around supporting Iwi Māori to stand for (re)election in 2025 and promoting voter participation.

### Water services reform

The passing of the Local Government (Water Services Preliminary Arrangements) Act in August marked the second stage of the Government's *Local Water Done Well* reforms. This Act provides the framework and preliminary arrangements for the new water services system. There is a requirement for councils to develop and adopt Water Services Delivery Plans (WSDPs) by 3 September 2025. Successful elements of [our submission](#) include the expansion of streamlining provisions for water service entity creation, the scope and timeframe for WSDPs, and the Secretary for Local Government's role in making regulations. However, we were unsuccessful in securing a longer timeframe for WSDP development or greater support for councils in implementing this legislation, including funding.

The Government has announced the third stage of these reforms, which will shape the final bill, due to be introduced by the end of 2024. We released an [explainer](#) covering the key elements of this reform in *Keeping it Local*.

We're engaging with the Commerce Commission on how transitional and permanent economic regulation would work under Local Water Done Well. The Commission will be presenting at the November Metro and Rural & Provincial sector meetings to support members to develop a greater understanding of what economic regulation is and how it operates in other sectors.

### Resource management reform

RMA Reform Minister Chris Bishop outlined the Government's plans for stage two of its resource management reform at SuperLocal. These will be progressed via a package on national direction and a second piece of legislation amending the RMA. There will be new national direction issued for infrastructure, housing, and natural hazards, as well as amendments to a wide range of existing national direction, with seven new national direction instruments and amendments to fourteen existing ones in total.

The changes cover four areas:

- infrastructure and energy,
- housing,
- farming and the primary sector, and
- emergencies and natural hazards.

Also included are measures to put into effect the Government's Going for Housing Growth and Electrify New Zealand reforms.

The expansion in national direction must be undertaken in close consultation with local government to be workable, and we will raise this with the Minister and officials. We have met with Simon Court to discuss the NPS-Infrastructure, which he is taking responsibility for developing. This was a positive meeting and further engagement with officials is likely to follow.

The Government has announced that two pieces of legislation would be passed to replace the Resource Management Act as part of stage three of their three-stage approach to resource management reform. One piece of legislation will deal with managing "environmental effects arising from activities", while the other one will "enable urban development and infrastructure".

Cabinet has agreed to 10 core design features for the new resource management system. These will guide the work of an Expert Advisory Group (EAG), which was also announced by the Minister. This group will report back to the Minister before the end of the year with a "blueprint" for new legislation.

Resource management lawyer and former Environmental Defence Society director Janette Campbell will chair the EAG, which also features local government experience in Christine Jones (General Manager – Strategy Growth & Governance at Tauranga City Council) and Gillian Crowcroft (former Auckland Council and Auckland Regional Council staffer).

We will be keeping a close eye on how development of the new RM "blueprint" unfolds between now and the end of the year, ahead of our final catch-up of the year with Minister Bishop in December.

### Transport

In August, the Government announced that legislation to enable congestion charging schemes would be introduced by the end of the year. This is a significant and long-awaited announcement,

---

LGNZ four-monthly report for member councils: July-October 2024 // 12

particularly for metro councils. We will submit on the legislation when it makes its way to Select Committee.

We submitted on the Commerce Commission's review of Auckland Airport's pricing decisions for the 2022-2027 period. We expressed concern about the flow-on effects that Auckland Airport's proposed increased charges to airlines could have for ticket prices, regional connectivity, and the competitiveness of New Zealand's aeronautical sector.

In August, Sam and Transport Forum chair Neil Holdom met with the NZTA board just ahead of an in-person meeting of the Transport Forum.

In September, the Government released its 2024-27 National Land Transport Programme, which is largely in line with the Government Policy Statement on Land Transport 2024. It includes significant funding increases for major roading projects and road maintenance, balanced by a decrease in funding for active and public transport initiatives.

Following the release of the National Land Transport Programme 24-27, we have been building a picture of the impact on members, including through a discussion at the in-person meeting of the Transport Forum. While funding decisions were largely as anticipated (based on the signals from the GPS Transport earlier this year), some members were surprised about the extent of funding cuts for safety improvements and public/active transport. The lack of alignment between the NLTP and LTP planning cycles has also created instances in which projects in LTPs no longer have expected co-funding from central government, meaning councils need to find alternative funding sources or scale the project back.

The impact of the reversal of speed limit reductions will be a focus over the coming month, particularly the fiscal impact given the need for new signage around schools. The new Government's speed limit rule includes:

- Reversing Labour's blanket speed limit reductions on local streets, arterial roads, and state highways by 1 July 2025.
- Requiring reduced variable speed limits outside schools during pick up and drop off times by 1 July 2026.
- Enable speed limits up to 120km/h on Roads of National Significance where it is safe.

We will be engaging with councils to get a picture of the overall fiscal impact of these changes.

### Climate change

We submitted supporting the intent of the Government's draft Second Emissions Reduction Plan (2026-30). We also highlighted that most of the actions would require direct or indirect contributions from councils.

We sponsored the Aotearoa Climate Adaptation Network's (ACAN) annual hui again this year, which was held in the Bay of Plenty in October. ACAN is a network of council staff working in climate adaptation focused roles. We engage closely with ACAN on all our climate adaptation work.

The Finance and Expenditure Committee has completed its [inquiry into climate adaptation](#). The high-level objectives and principles it set out will inform the development of New Zealand's climate change adaptation policy framework. The report acknowledges the leading role councils will play in climate adaptation, and adopted much of what was proposed in [LGNZ's submission](#). The report does not resolve crucial questions relating to roles and responsibilities or how to decide who pays for adaptation and retreat.

The Department of Internal Affairs is consulting on an exposure draft of regulations for natural hazard information in Land Information Memoranda (LIMs). The regulations have been drafted to support local authorities in implementing changes to the Local Government Official Information and Meetings Act that are due to come into effect on 1 July 2025. LGNZ submitted on the amendment Bill in February 2023. We supported the Bill but said we would like to see a few changes, many of which have now been incorporated into the updated Bill and proposed regulations. These regulations, in conjunction with the legislative changes that are due to come into effect next year, will provide certainty for councils about sharing natural hazard information in LIMs and reduce their risk of legal liability.

### Localism

At SuperLocal, Susan launched our Choose Localism guide and research showing public attitudes to councils and localism.

To produce this research, we worked with Curia to poll members of the public. [The data](#) looks at perceptions around the effectiveness of councils, how councils could improve their effectiveness, and who should deliver services.

[Localism: A Practical Guide](#) sets out a wide range of tools and approaches councils can use to make a localist future a reality and apply a localism lens across their day-to-day work. This is a high-quality, comprehensive piece of work featuring many council cases studies. When we launched the guide to members during SuperLocal, this email had a 65% open rate (which is incredibly high by direct-email standards). We will be posting a physical copy of this guide to all Mayors and Chairs later in November.

### Other policy issues

#### Earthquake prone buildings

In August we submitted on the Building (Earthquake-prone Building Deadlines and Other Matters) Amendment Bill, which delivers on the Government's commitment to extend remediation deadlines for earthquake-prone buildings. We expressed strong support for the legislation and outlined local government's expectations for the upcoming wider review of earthquake prone buildings.

We have also engaged with MBIE to make sure there is suitable local government representation in the wider review's steering group, particularly individuals from the South Island and/or medium risk councils.

---

LGNZ four-monthly report for member councils: July-October 2024 // 14

---

We understand that decisions on the MBIE steering group for the review of the earthquake strengthening regime are imminent. We put forward a number of names to represent local government on this group, and are following up with MBIE to determine if any of them were ultimately chosen.

**Emergency management system improvement**

We engaged on the Government’s response to the North Island Severe Weather Event Inquiry’s report and wider emergency management system improvement as a member of the steering group. We facilitated engagement between the project group and a group of Mayors, Chairs and CEs, to test the group’s current proposals. A Cabinet paper will set out a new Emergency Management Bill (to be introduced next year) along with budget bids and other system changes.

The Government’s response to the North Island Severe Weather Event Inquiry’s report, and wider emergency management system improvement, has been released. We have been contributing to this work as a member of the Steering Group. This response will form the basis for the development of a new Emergency Management Bill to be introduced next year, along with budget bids and other system changes. The key recommendation is to retain the locally led, regionally coordinated approach – but with NEMA taking on a standard setting and assurance role. This could require increased investment by councils, but at this stage there are no additional funding mechanisms proposed.

---

## Connect

### Member visits

In June, Susan and Sam visited 14 councils. These visits are vital for connecting with members, helping them understand what LGNZ delivers, and hearing their feedback and ideas. Visits resumed in early September with visits to a range of Zone 2 councils. Susan visited the Chatham Islands in late September, with Susan and Sam's other member visits scheduled for October and November.

NC members and LT members have also appeared at several member council meetings via zoom to support their consideration of the LGNZ four-monthly report.

### SuperLocal24

This year's conference was the "place to be" for local government, with the PM, many Ministers and the Leader of Opposition all speaking alongside impressive international and New Zealand keynote speakers. SuperLocal dominated media and public discourse that week.

We had nearly 800 people attend – and generated 394 media mentions across a huge range of topics (bed tax, PM speech, regional deals, localism, women in local government, four-year term, SuperLocal award winners, and much more).

We asked attendees to complete a feedback survey. While feedback was again positive, there were slightly more negative/neutral comments this year, partially driven by the political polarisation prompted by the PM's speech.

We are incorporating feedback into our planning for SuperLocal25, which will be held in Christchurch (supported by the councils in the region). In response to comments about this year's conference length and timing, we will be starting SuperLocal25 on the Wednesday morning (with the AGM prior) and wrapping up the conference by the end of Thursday, with the awards dinner on the Thursday night.

### Combined Sector meetings

We received a huge amount of positive feedback on the programme and organisation of the Infrastructure Symposium on 14 June. Nearly 200 people attended, with Peter Nunns of the New Zealand Infrastructure Commission/Te Waihanganga and Sir Bill English particularly popular speakers.

Our November Combined Sector meeting will take a deep dive into the Government's local government reform, including benchmarking, efficiencies and rates capping. Confirmed speakers include Local Government Minister Simeon Brown, Regional Development and Assoc Finance Minister Shane Jones, Labour Finance spokesperson Barbara Edmonds, Auckland Mayor Wayne

---

LGNZ four-monthly report for member councils: July-October 2024 // 16

---

Brown (via zoom), and New South Wales and Victorian speakers on their experience of rates capping.

We are planning for the 2025 Combined Sector meetings, with the theme for February to be around accountability and demonstrating value, and May to be around delivering infrastructure for growth.

### 2025 calendar

We released our [calendar of events for 2025](#) in October. This will be updated with Zone 5/6 events shortly.

### Te Maruata

Te Maruata Rōpū Whakahaere have met regularly, and also initiated a regular Teams drop-in session Piki te Ora that enables members to come in and kōrero, share thoughts and ideas on their mahi and what is happening in their rohe.

Te Maruata's pre-conference hui was attended by approximately 100 people. The hui is the annual face-to-face event for the wider membership but also welcomes non-members who have a strong connection to LG and Kaupapa Māori. The Rōpū welcomed Green MP Hūhana Lyndon, and MP Willie Jackson and MP Shanana Halbert were also in attendance. The programme included a workshop on sharing issues, ideas and solutions given the current climate, and a panel on "how to move the waka forward" with a particular focus on action on the ground, rangatahi participation and civics education.

### YEM

Our Young Elected Members held a successful pre-SuperLocal hui in Wellington attended by around 40 YEM. It included a presentation from Dr Jess Berentson-Shaw on how to communicate effectively to achieve change, and a workshop on how to increase young people's participation in local government.

The annual YEM Hui took place in Christchurch regardless of Christchurch City Council's decision to withdraw from LGNZ. This is because the YEM Committee decided earlier this year to shift away from having a host council, with the Committee taking on full responsibility for hosting. We worked closely with Cr Deon Swiggs (Environment Canterbury and member of the YEM Committee) on planning for the event. Former Christchurch Mayor Lianne Dalziel delivered the keynote address, with the theme of the hui being "mā mua kite a muri, mā muri ka ora a mua" – driving change through community leadership. The programme was about councils empowering community leaders to make real change and equipping YEM with the key skills needed to make good decisions around council tables. Tikanga sessions were organised to support members to prepare for the whakatau at the commencement of their hui.

### Women's lunch

Before SuperLocal, we hosted a lunch for women that was attended by more than 100 elected members including nearly every woman Mayor. Finance Minister Nicola Willis was a very effective speaker and the event was well covered by media, with [this local democracy reporter story](#) carried prominently by every major outlet. The lunch also included a workshop. We are now considering next steps for this work.

### CBEC

Christchurch City Council's decision to withdraw from LGNZ means that Co-Chair of CBEC Simon Britten stepped down in July, with Sarah Lucas becoming the sole Chair.

CBEC has been focused on the Community Boards Conference which, for the first time, was held in conjunction with the LGNZ SuperLocal Conference. While organising the two conferences at the same time was challenging, the Community Boards Conference went well. At their September meeting CBEC resolved not to hold a community board conference in 2025. Instead, they are investigating the possibility of having a dedicated session at the 2025 Super/Local conference that would attract community board members. They are also looking at facilitating smaller zone or regional-based seminars for community boards.

CBEC is continuing to develop a work plan to implement recommendations around community board members' satisfaction and their relationships with their councils. A key part of the work plan is developing a guide to assist councils and community boards to build effective relationships. This will include a model agreement to enable councils and boards to set out mutual expectations.

Sarah Lucas has been actively assisting community boards going through representation reviews.

Work is progressing on the development of an approach to enable the Remuneration Authority to fairly recognise and compensate those community boards with additional responsibilities.

### Metro Sector

The Metro Sector held a workshop in September to discuss metro-specific priorities and agree on actions that will complement and support LGNZ's broader advocacy work programme over the next year. Members agreed that the key priorities for metros are centred around enabling growth and economic prosperity, and achieving these priorities requires removing obstacles and improving things that currently slow us down. This is reflected in the following agreed areas of focus:

1. Improve alignment of central and local government investment cycles to reduce inefficiencies and encourage more bipartisan agreement on key infrastructure decisions.
2. A strategic approach to supporting economic development and growth.
3. Lift governance and accountability in order to improve LGNZ's impact in the Metro space.

---

### Te Uru Kahika/Regional Sector

The online meeting of the Regional Sector in June covered a number of key issues for the sector, including emergency management system improvement, Taumata Arowai's work on wastewater performance standards, and work on the climate adaptation framework. Their October online meeting focused on the Finance and Expenditure Committee's Inquiry on Climate Adaptation, the Regional Sector's views on how Core Services should be defined in upcoming legislative changes, and NZTA's Public Transport programme's priorities.

The Regional Sector's ever-popular Regional Tour prior to SuperLocal explored a range of flood protection, recovery, and biosecurity and biodiversity initiatives across the Hawke's Bay and Wellington regions.

---

## Support

### Ākona

Ākona users continue to grow, with another 138 people logging in for the first time since July. We have started a monthly email that highlights new Ākona courses and content. Please let us know if you're not receiving it.

In July we launched a new course on the CE Relationship – featuring the insight of Mayor Sandra Hazelhurst, Nigel Bickle, Nigel Corry and Chair Daran Ponter. This course was developed after receiving multiple requests from members. In August we launched a course on Leading Complex Communities, which will eventually include at least two Ako hours with expert host Jo Cribb.

The Climate Change course (released two months ago) caught the attention of the Aotearoa Council Climate Network, who were impressed with the content and keen to encourage elected members to engage with the learning. To support that mahi, a cloned copy of the Climate Change course was made available to sustainability staff from all member councils two weeks ago.

Five Ako hours were run from June-August, including a session that was arranged in response to the change in Māori ward legislation. Another three Ako hours were scheduled during September/October. These sessions are becoming increasingly popular, whether through attending the live sessions or viewing the recordings later.

We are working to confirm logistics and continue development of materials for Induction 2025 before the end of 2024. A draft design was produced and tested with members across October along with a prototype for an upgraded Ākona platform and programme that delivers a more personalised learning experience. The response from testers was very positive and the tīma have now begun development, starting with the production of pre-elected materials ready for release in March 2025. Existing courses have been reviewed in preparation for the shift in format with their redevelopment due to begin in November.

### Roundtable zooms

Our second zoom in this series on sovereign citizens was popular and provoked a lot of conversation and positive feedback. We then held a well-attended zoom for elected members on physical security in early August. Our next zoom on 24 September featured the Security Intelligence Service speaking about the new threat assessment for New Zealand, which contained specific commentary on the vulnerability of local government. The presentation provoked a lot of member questions.

These recordings and all other security-related resources can be found in a [special section of Ākona](#).

### Hūtia te Rito – LGNZ Māori Strategy

Work continues on the development of this strategy. Related kaupapa include:

---

LGNZ four-monthly report for member councils: July-October 2024 // 20

- **Toitū te Reo** – This annual symposium launched in Hastings at the start of August and is a partnership between Heretaunga District Council and Ngāti Kahungunu, with the support of many others. Three LGNZ team members attended.
- **Tangihanga of Kiingi Tuuheitia Pootatau te Wherowhero VII** – The Māori King passed away on 30 August and his tangi was held from 31 August-5 September at Tūrangawaewae. LGNZ acknowledged the King’s passing on social media and issued a media release acknowledging the ascension of the King’s daughter to the throne, to become Te Arikinui Kūiini Ngā wai hono i te po Pootatau te Wherowhero VIII. The team will firm up a plan to connect with the Kiingitanga in the coming months, in support of the Kōtahitanga vision.

### Governance guides/support

LGNZ has worked with the Taituarā Democracy and Participation Working Party to update the LGNZ standing orders template. The update will ensure legislative consistency and introduce plain English. A draft has been circulated for member feedback and the final draft is now being legally reviewed. The changes made to the template involve updating it to include legislative amendment from the past three years and introducing plain English where possible. The templates, which include a territorial/unitary council version, a regional council version, and a community board version, are expected to be ready in early 2025.

### MTFJ

MTFJ members and networks gathered for the Annual Breakfast meeting at the SuperLocal conference. At this event, Social Development and Employment Minister Louise Upston confirmed \$9 million in funding for the next financial year. Justin Lester of Dot Loves Data launched a revamped youth employment data dashboard, which sets out a council’s local landscape in terms of youth and NEETs.

We would like to acknowledge Mayor Max Baxter’s service and mahi for MTFJ. Max stepped down from the role in early October. MTFJ held a thank-you and farewell afternoon tea in his honour to celebrate his contribution.

Mayor Alex Walker has been elected as the new MTFJ Chair.

### Moata Carbon Portal

This month we’ve extended the Moata portal subscription for Queenstown Lakes District Council for another 12 months. We’ve also provided a demo of the portal and had conversations on carbon accounting with Horowhenua District Council.

---

Mott MacDonald, LGNZ and the Infrastructure Sustainability Council held the 2<sup>nd</sup> Aotearoa Carbon Crunch event in Auckland on 12 September, with approximately 100 industry players and council staff attending the breakfast event.

Ko Hikurangi Tōku Maunga  
Ko Waiapu Tōku awa  
Ko Nukutaimemeha Tōku Waka  
Ko Ngati Pourou Tōku Iwi

Ko Rangitikei College Tōku kura  
Ko Luci Tōku ingoa  
Nō reira, tēnā koutou, tēnā koutou, tēnā tātou katoa

Morning everyone my name is Luci Downes I'm a year 12 student at Rangitikei College, and hopefully a future lawyer but most importantly I'm the descendant of young men and women who served for our beautiful country, it's due to these men and woman that I have had the fortune to of not having to grow up in a country that is ravaged by war something thousands of people my age in other countries have to experience. To me Remembrance day is a reminder that for my freedom and future many had to fight, Remembrance day to me is also a reminder of my tupuna who Gave their lives to the forces. More Closely to my heart Remembrance day is a Reminder of My Papa Warrant Officer Timoti Tihore who enlisted at the age of 17 and didn't stop serving the Army till he passed away in 2022. It's his lemon squeezer and Medals that I wear on me today. In this day and age Remembrance Day is incredibly important because it's a powerful reminder of the bravery and selflessness of those who fought for our freedom. It's a time to honour their sacrifices and express our deep gratitude. Let us never forget the heroes who gave everything for us. Remembrance Day is a global commemoration of the end of World War One, which began on July 28, 1914, with Aotearoa , Australia, Britain, France, and Russia fighting against Germany, Austria-Hungary, and the Ottoman Empire. The war lasted four years, with many soldiers dying and even more injuries. On November 11, the first two minutes of silence are observed to remember those who served their countries. Remembrance day serves as a reminder of the sacrifices made by millions of people, emphasising the importance of cherishing possessions and loved ones, and the importance of remembering the past, present, and future. To conclude my Speech today let me read you a extract from one of the most well known poems of the Anzacs.

*In Flanders fields the poppies blow*

*Between the crosses, row on row,*

*That mark our place; and in the sky*

*The larks, still bravely singing, fly*

*Scarce heard amid the guns below.*

*We are the Dead. Short days ago*

*We lived, felt dawn, saw sunset glow,*

*Loved and were loved, and now we lie,*

*In Flanders fields.*

Thank you.

**LGNZ SECTOR MEETINGS – 21-22 NOVEMBER 2024****DAY 1 – COMBINED SECTOR MEETING**

- The morning opened with a discussion from Alex Walker, Central Hawkes Bay Mayor and Tim King, Tasman District Council Mayor.
- Conversation from membership around Minister Simeon Brown’s address and noting that he preferred a strong concept that “200,000 connections would be required to gain true efficiencies within Three Waters”.
- There were questions raised in discussion re the priority of water work decisions by entities when the capacity to do the work is challenging, i.e. who will make the call on what the priorities for the water entity will be.

**Hon Mark Mitchell - Minister Emergency Management**

- He acknowledged the East Coast councils and Cyclone Gabrielle and acknowledged the leadership of the total sector.
- “Legislation needs to be fit for purpose, presently there are gaps in the legislation”.
- As part of that thought process he highlighted that iwi and hapu always step up but don’t have any formalised role within legislation.
- Central Government needs to empower/support Local Government – they are the best placed ones to act.
- I asked the question to the Minister around possible assistance to set up IL4 Emergency Response solutions throughout the country and quoted the example of the cost effective centre setup in Gisborne that could be replicated by Civil Defence. The Minister acknowledged my question and said that we have his support for that principle.

**Michael Lovett – DIA (Deputy CE of Local Government Branch for LWDW)**

Made the following points, many of which are known already to councils -

- He puts the solution back onto councils – they need to have financially sustainable solutions that will require Government oversight.
- He quoted the second tranche of legislation on Three Waters and said that the third tranche of legislation will be out next month.
- He referenced the five different models available, i.e. including CCO options.
- Funding/pricing operations will be left to the CCO’s.
- Not all of the five different models available to CCO’s will receive preferential rates under LGFA.
- He emphasises price harmonisation is not required under CCO’s but could be a vision for an entity over time.
- He saw no need to consolidate all debt and asked groupings to talk to DIA around this.
- He again pointed out that the LGFA funding was up to 500% of income.
- DIA see real benefits in CCO’s forming and he referred also to Minister Simeon Brown’s speech regarding the 200,000 connections.
- From DIA’s perspective there will be three core documents –
  - The Statement of Expectation;

- The Water Services Strategy; and
- The Water Services Annual Report.
- The key component is the ringfencing of Three Waters income and that this income cannot go back into the general council accounts.
- The Water Service Delivery Plans must satisfy three areas –
  - Financial sustainability;
  - Implementation plan; and
  - Anticipated or proposed model.
- He indicated that Crown Facilitators can be of use in the decision making at a cost of \$1,000 per day which he commented was far cheaper than the cost of consultants currently being used.
- The Commerce Commission will be the economic regulator and will have sign off on the information.
- The Commerce Commission will be levy funded probably at an anticipated rate of \$3-\$4 per head/per annum/per connection.

**Allan Prangnell** - CE Water Services Authority Taumata Arowai

- Yes there will be levies
- Many different supplier types such as the Metro, Provincial, Rural Schemes, Private and Community Maraes
- Should be different rules to reflect scale
- There are brochures available through Taumata Arowai regarding specific drinking water supplies for spring and bore supplies. One of the solutions is point of treatment at household levels for rural schemes
- 300+ wastewater treatment plants
- Over 50% serve under 1000 people
- 300+ serves 3.3m people
- Standards due out soon
- Standard conditions may replace RMA consent process

**Mark Patterson** – Minister for Rural Communities

- Communities (Rural) challenges/issues opportunities
- Rates cap discussion is on the table
- Government does understand that there is pressure
- Referenced the need for other income stream, referenced Minister Jones
- Brought up the question of amalgamation of councils – “scale gives efficiency”. Central Government will not drive this – but Three Waters may lead to these thoughts.
- Keenly aware of the impact of forestry – loss of sheep/beef into pines
- “Need to build more capacity in energy” (talking Minister Jones’ story)
- “Bio fuels will be the new future”.

**DAY TWO - RURAL AND PROVINCIAL SECTOR MEETING – 22 NOVEMBER**

Rural and Provincial are the largest grouping of councils in New Zealand with only the large city or metro councils absent. Metro was actually meeting on the same day and at times joined in our discussions. Rural and Provincial is a chance for all of Local Government to meet with Central Government Ministers and to hear from speakers discussing Government policy. I will summarise the key speaker presentations and give my thoughts in *italics*.

1. The address by **Simeon Brown**, Minister of Local Government, Infrastructure, Roading, Three Waters (Local Water Done Well) -
  - He acknowledged respectfully Local Government and added that “yes you have, like us, inherited a significant challenge”.
  - Again referenced the need to get back to basics/core infrastructure and that Government has outlined its expectations previously. *This is a direct reference to the removal of the four wellbeings and a reminder that Government is watching you.*

The Minister again outlined Local Water Done Well (LWDW), highlighting -

- Looking for local solutions i.e. councils to solve.
- Councils have a requirement to deliver a framework/plan for water services now and for the future.
- The LGFA (Local Government Funding Agency) position is a game-changer, allowing for low interest loans over a long time at 500% of income for those councils who comply.
- That Government legislation has ringfenced Three Waters income (rates etc apportioned to Three Waters) to LWDW.
- Now is the time for councils to step up.
- These plans and CCO’s are now 3 months into a 12 month timeframe to comply.
- CCO’s will separate Three Waters from council business.
- Business as usual is no longer an option.
- There is a strong expectation from Government that regional CCO’s will be formed.
- Councils may not have harmonised pricing from Day One!
- Councils should already be discussing pathways with their neighbouring councils.
- Crown Facilitators are available for advice and can also help to solve issues.
- The Commission *over time* will price check.
- Taumata Arowai will set standards and decisions due by August 2025 and Taumata Arowai will be funded by levies on councils!
- Mentioned the use of modular designs for wastewater plants to minimise consenting costs.

*So what does all of this mean?*

1. *There is a very strong message to say that councils must form CCOs with other councils and if you don’t they will force you to.*

2. *There will be a levy charged on councils to fund Taumata Arowai – this is a change from Labour’s position.*
  3. *That the new entities will probably have different charges for wastewater and water across different councils in the same entity and that there may be different charges across a single council, i.e. the charges for Marton water and wastewater could potentially be cheaper than the charges in Taihape.*
  4. *Regional councils will face standard consent conditions being put in place to lower consenting costs. This makes sense to me, but there will need to be some local environmental exceptions.*
  5. *Expectation is that they would be strongly advised to work with Crown Facilitators now, something I believe we should do.*
- Cabinet has agreed to invite all councils to submit on regional deals based on economic growth, increasing GDP and housing.
  - Councils that are advanced in Three Waters collaboration will be helped to obtain a regional deal!

*There are some challenges here. Firstly, the time to register for regional deals is ridiculously short (18 December) and councils, including us, are under so much pressure it probably won’t happen, and there is a direct threat with Three Waters – forget regional deals if you don’t form a regional water entity.*

*It is also worth noting that they are regional deals with a regional sign-off, Government has shown no interest in engaging with rural councils on their own.*

- The Minister again emphasised the need for tolling on roads. *This will be in part a reaction to the huge number of current submissions on tolling by Tararua and Horowhenua councils which probably signals Government’s response to those submissions.*

## 2. Keynote Speaker **Wayne Brown** -

- Highlighted that Auckland is, and should be, a special case as it is one-third of the population.
- *“We have had CCO’s dumped on us” – this is a reference to the number of Auckland CCO’s that Wayne is trying to get rid of.*
- Government will make decisions for you if you don’t act.
- Local Government is declining in influence, noting that they can’t even set their own parking fines.
- There are efficiencies in size – *this repeats the Government’s position on CCO’s.*
- *“The ratepayer should be the last option for paying for things” - this is a reference again to look at things like tolls, fees and charges, private/public partnerships and sponsorships etc. This is something that is far, far more difficult for rural councils to consider but it is worth noting.*

3. Panel Discussion on **CouncilMark** -
  - Now named Te Korowai and used as a benchmarking tool. *This was effectively a reference that CouncilMark hasn't worked, as personally I think was evident in our case, and a reorganisation of how benchmarking could continue in the future, something that I also respect is important.*
4. **Minister Shane Jones** -
  - Thanked us for the Regional Growth Summit at Te Matapihi.
  - There is slightly less than \$1b left in the Infrastructural Fund.
  - As a Minister he will work on how we adapt to climate change. He is not interested in other discussions! – *this is a reference to the fact that in his opinion we need to concentrate on economic growth and other forms of energy, mining etc and that will come at some environmental risk.*
  - He has concern with regard to the number of new reserves for fisheries and he wants to increase the economy helped by agriculture and we can't do both.
  - Minister made several comments with regards Fast Track Legislation . He made the point that Fast Track is possibly not a long term process or solution but is needed now. He also noted the comment that many of the applications for Fast Track have in fact been made by councils.
  - That he and Government have used \$60m to deep drill 7kms in the central plateau region to see if there can be a new energy source for New Zealand.
  - Crown Regional Infrastructure will have a report on their website and there will be a series of public meetings - he regards this as a brave step forward.
5. **Rates Capping – The New South Wales Experience** - led by Cr Darriea Turley President of Local Government NSW
  - Rates capping is where the maximum rate increases communities will face is set at a particular level and how that can change over time.
  - This presentation was organised because the New Zealand Government is strongly showing an interest in in putting rates capping in place for New Zealand – *this is again in response to the high rate rises that in Government's view have been caused by non-back-to-basics expenditure.*
  - Rates capping or pegging only applies in NSW to general rates and does not include Three Waters charges.
  - Rates caps tend to be set by an independent body to Local Government.
  - Difficulties arise where the rate caps are often set below the level of inflation e.g. a rates cap of 0.79% was set for the year where inflation was currently running at 3%.
  - NSW found that it led to greater uncertainty over the reliance on national grants and difficulty with staffing retention.
  - I note that the Rural and Provincial meeting started with the Victoria Australia Experience on Rate Caps which I have yet to hear but will try and look into.

6. **Digital water metering and use of the internet in a smart way with metering to gain efficiency** – led by Chorus

Benefits of water metering are -

- Data driven decisions
- Identification of leaks quickly
- Lowering of consumption
- Fairness of charging
- Gains in efficiency
- Hastings District Council have been through this process and have found that the installation of water meters actually turned out to be cost-neutral. *This is where the regional CCO's must head in my opinion and I therefore support them in principle.*

7. **Labour's views and presentation to the sector** - Kieran McAnulty

- We as Labour have been disappointed with the way Government has patronised Local Government.
- Central Government likes placing the blame on Local Government.
- We are disappointed with the way Government has dismissed all recommendations on the Future of Local Government reports.
- The rating system is unsustainable – new revenue streams must be found.
- Labour would not repeal National's Three Waters position but may look to refine it.
- *In the Q&A from Kieran he was informal, honest and direct and was impressive but I note it is easier to be this way in opposition.*

8. **Fiscal Outlook** - Treasury

- Take out message is the outlook is improving but will take considerably longer than initially thought.

9. **LGNZ** – Susan Freeman-Greene

- Again the take out single message is there will be a funding/financing toolkit loaded in memberships' emails following this meeting.

## 10 Reports for Information

### 10.1 Small Projects Fund Update - December 2024

Author: Kezia Spence, Governance Advisor

#### 4. Creative Communities Scheme

4.1 This fund is supplied by Creative NZ and administered by Council. Applications are encouraged from community groups and individuals whose projects:

- Demonstrate growth over time
- Develop and support local artistic communities
- Encourage a transfer of artistic skills
- Support diversity and inclusion
- Projects with a youth focus are also encouraged

4.2 Creative NZ typically allocates \$24,090 (+ GST) to the Rangitikei District Council on an annual basis, and this is distributed across two separate funding rounds.

4.3 Round one for 2024/25 opened 21 June 24 and closed 09 October 24. Decisions were made on the 13 November 24.

#### 5. Sport NZ Rural Travel Fund

5.1 This fund is supplied by Sport NZ and administered by Council. The fund is targeted at young people aged between 5 and 19 years and is open to rural sport club teams and rural school club teams with eligible members who require subsidies to assist with transport expenses to local sporting competitions.

5.2 Sport NZ allocated \$9,500 (+ GST) to the Rangitikei District Council on an annual basis. There is one funding round per year.

5.3 Applications are now open for this fund and close 31 March 25. The decision will be made in April.

#### 6. Further Information

6.1 More details about these funding opportunities can be found on the Council website (link below) and this is also where applications can be submitted:

<https://www.rangitikei.govt.nz/district/community/grants-funding>

#### Recommendation

That the Funding Schemes Update –October 2024 be received.

### 10.3 Consultation Tracker

**Author:** Kezia Spence, Governance Advisor

#### 1. Reason for Report

- 1.1 This is included for the committee's information. The attached schedule will be update regularly.
- 1.2 This dashboard highlights the topic, staff lead and expected consultation period. There is a lot planned across the local government sector and for our Council over the next 12 months so it is of benefit to provide this to not only Council but also our Community Committees on a monthly basis.

#### 2. RDC Website

- 2.1 Council's website lists all open and recently closed consultations (see the below weblink). This is also where individuals can make submissions.  
<https://www.rangitikei.govt.nz/council/consultation/current-consultations>

#### Attachments:

1. Consultation Tracker November [↓](#)

#### Recommendation

That the report 'Consultation Tracker' be received.
